# 1. Uninstall, all previous instances

1. Go to Control Panel
2. Click on Uninstall a Program. Old Versions of Windows May say Programs and Features.

## 2. Uninstall, all previous instances

1. Find all programs that say Visual Calculator or DPD. System will show any one. If it shows both, remove both.
2. Click on Uninstall.

The screenshot shows the Windows Settings application, specifically the 'Installed apps' section. The interface includes a menu bar with 'Organize', 'Uninstall', 'Change', and 'Repair' options. Below the menu is a table of installed applications with columns for Name, Publisher, Installed On, Size, and Version.

Name	Publisher	Installed On	Size	Version
<input type="checkbox"/> Wondershare Video Converter Free(Build 6.5.2.3)	Wondershare Software	01-Apr-2018	113 MB	6.5.2.3

### 3. *Download the Latest Software*

1. Goto website: [www.visualcalculator.in](http://www.visualcalculator.in)
2. Click on Download Visual Calculator

## Visual Calculator 9.3

(Dax's Practice Den)

Now practice Arithmetic Calculations at home with ease.

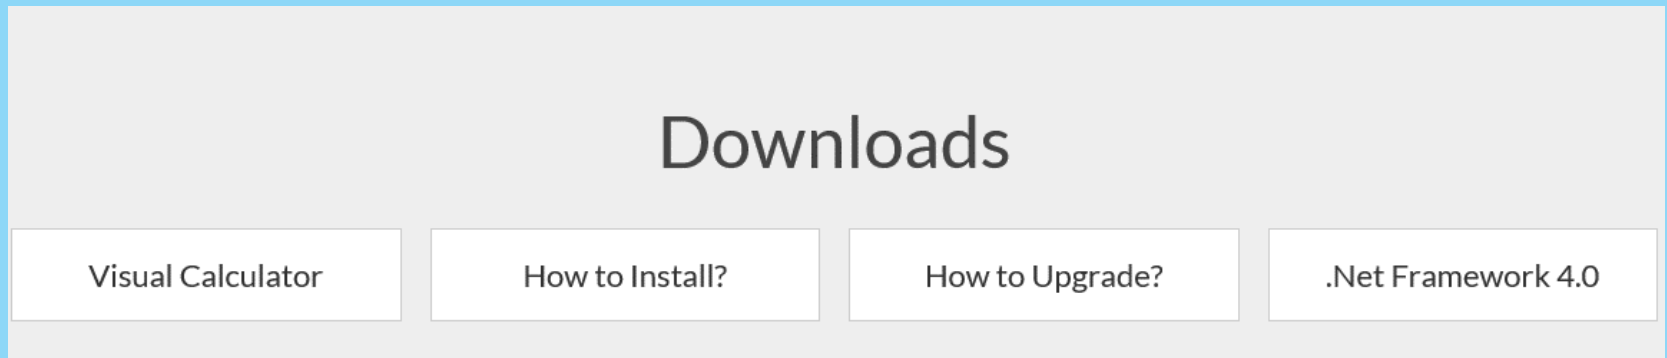

Download Visual Calculator

## 4. Download Section

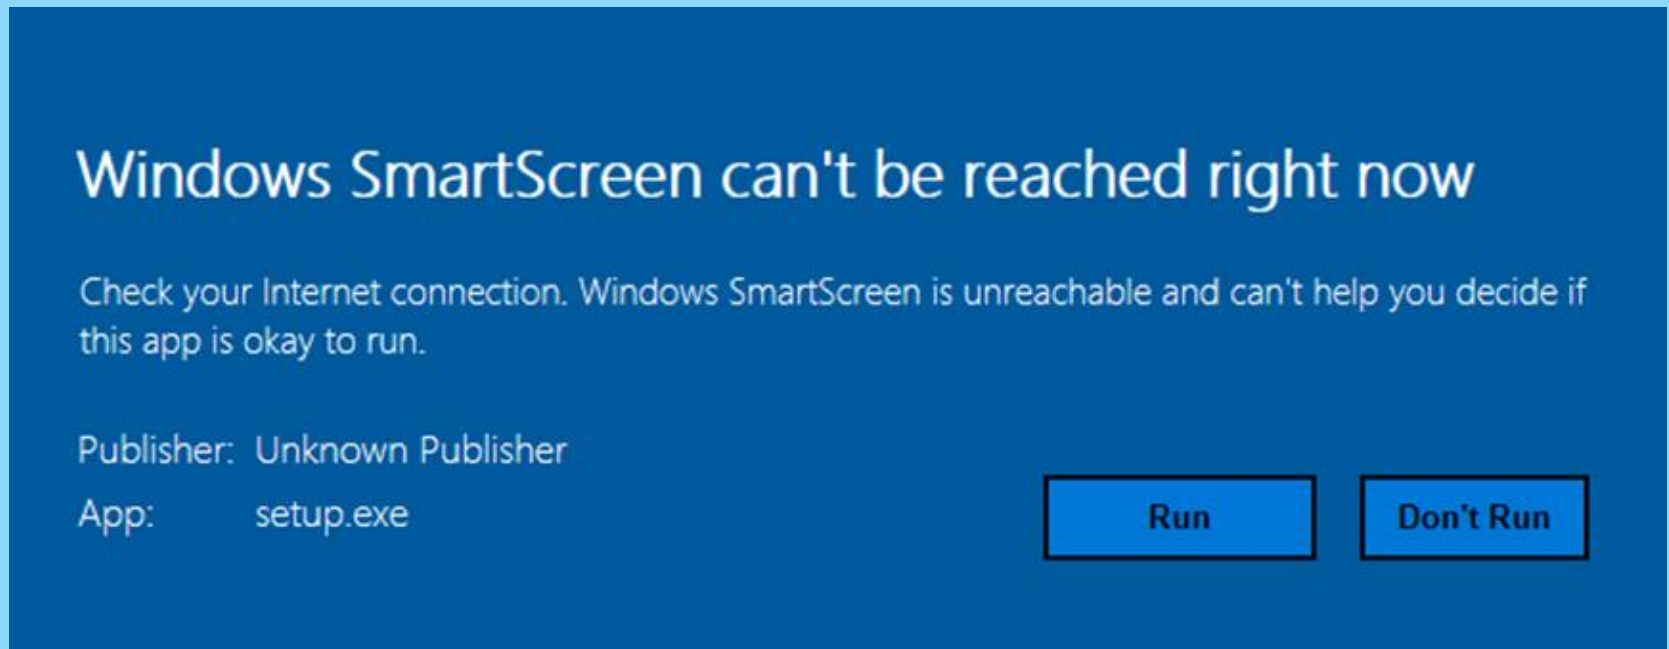

### 1. In the download section

1. Visual Calculator – Contains Installation Zip File
2. How to Install – Contains Manual to Install the Visual Calculator
3. How to Upgrade – Contains Manual to Reinstall.
4. .Net Framework 4.0 – Old PCs working on XP has .Net Framework 2.0. So you may need to you to upgrade the .Net Framework. Installation file for upgrade is available here.

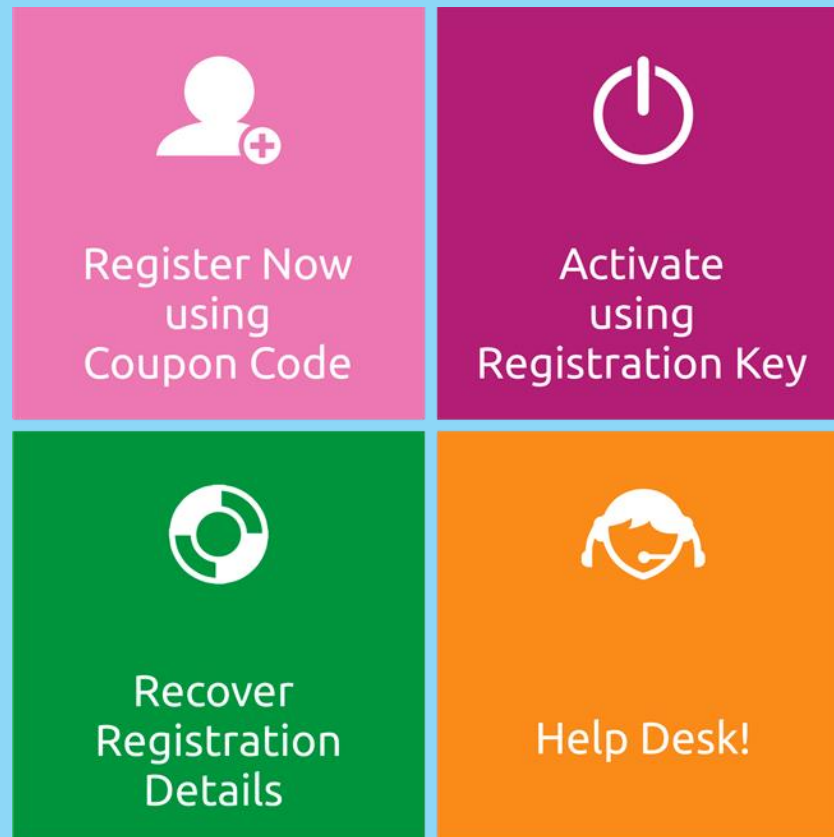

## 5. Installation

1. Unzip the Installation File.
2. Run DPDs.msi
3. In case you get security warning. Ignore and Click RUN. For some machines you will get "MORE INFO" and then press Run. Any other Security Warning can be ignored.

## 6. Registration

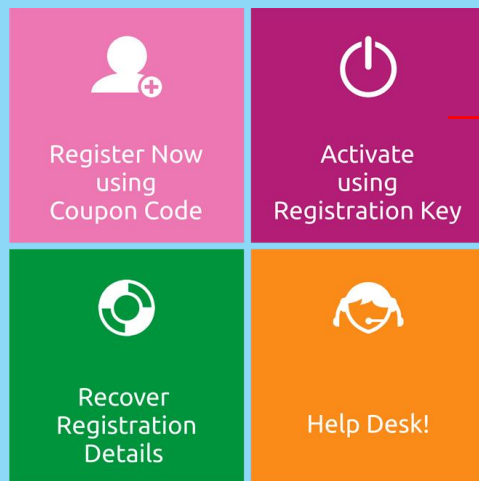

1. Once installation is complete. Run Visual Calculator. You would need Internet Connectivity. You would get the following screen.
2. Since you have already Registered. You don't need to register again.

## 7. Activate

1. Click on Activate.
2. Enter Your Email and Registration Key. Your Software will be activated.
3. Happy Calculating!!

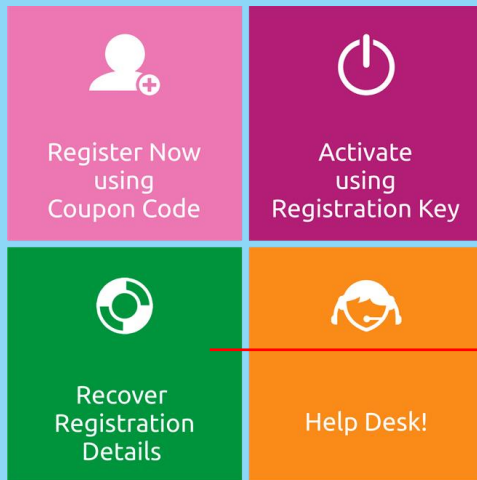

The screenshot shows the 'Visual Calculator' software registration dialog box. At the top, it features the Visual Calculator logo (four colored squares with mathematical symbols: +, -, x, ÷) and the text 'VISUAL CALCULATOR Ver 9.3'. Below the logo, the title 'Software Registration' is displayed. The form contains two input fields: 'Registered Email Id' and 'Registration Key'. Below the 'Registration Key' field, there is an example key: 'for example MCG2M1EWqTB+5fwRNQcTQ=='. At the bottom of the dialog, there is an 'Activate' button.

# 7. Lost your Registration Key
